

Scorton School Council Newsletter

| Summer | Issue 1 |

What were we working on this half term?

This half term we have been thinking about how we can make our school a better place. We wanted to start with our playground and MUGA and raise some money for new resources.

What did we do?

First we asked children in the playground their favourite ways to raise money for school and came up with four different ideas based on their many suggestions (cake sale, pyjama day, non-uniform day, crazy hair day) and then collected votes for a top idea. After all of our research we decided to run a pyjama day! To promote our fundraising project, we made posters and a social media post.

How did it go?

We really enjoyed coming to school in our pyjamas and were really happy to have raised £70 that have gone towards some new playground equipment and games like scoops and balls, table tennis equipment, beanbags, skipping roles and hula hoops!

What next?

Our school council have had a great Summer term! We have worked hard to promote our fundraising project and have also created a list of some different ideas of how we could raise money next year.

Miss Taylor was particularly impressed with a council member from Grizedale class who 'brought in an expert' from Bowland Class and they made at least 10 posters together!
