*A small school with a big outlook...*

## A message from Mrs. Scholz

We hope you have all had a wonderful Christmas and New Year! It has been lovely to see everyone back in school again, so full of enthusiasm for the year ahead. We have got lots of exciting things planned.

Our Y5 and 6 children took home their letters this week about our residential trip to the YMCA Lakeside Outdoor Pursuits Centre. This trip takes place from the 3rd—5th of June and we are hoping for lovely weather so we can make good use of the stunning location on the banks of Lake Windermere. Please keep an eye on our 'Dates for your Diary' as I am sure it will start to fill up very quickly!

## News from our classes

**Bowland** Bowland Class have loved being together again this week! They have learnt all about Winter time and talked about how we know it is Winter. They remembered their learning about Judaism and created clay mezuzahs and synagogues. Everybody loved playing board games role-playing Shabbat with Miss Dawson in the Home Corner. Big Book Time was very busy- the children remembered so much about their Geography topic and History topics from Autumn term. The Great Fire of London show was amazing and KS1 wrote diary entries by Samuel Pepys.

**Grizedale** Grizedale Class have had a brilliant first week back in school! We have been working on textiles in DT and have been exploring different fabrics to think about the properties and what they might be used for. We also have been creating beautifully presented work in our sketchbooks to show off what we have learned. In PE, we have started a brand new unit of work called Creative Games where the class will start designing their own style of tag and ball games. We loved our first lesson where we switched up the rules to traditional tag style games!

**Nicky Nook** This week we have started to read 'The Wizard of Oz' and have been exploring what makes a 'Classic Text' It was lovely to talk about all the books we have loved reading and we are creating our own 'Top 100 books to read before you leave Scorton Primary School' In science we proved that light travels in a straight line. We worked as reciprocity rangers to explore how to strengthen and reinforce structures in design technology.

## Lead Learners

**Bowland** Alfie Mitchell- Alfie has been a super star this week! He has played brilliantly with his friends and worked together as a team in the making area. He is trying so hard with his reading and concentrates in reading time so well. Well done Alfie, we are really proud of you!

**Grizedale** Lead learner this week in Grizedale class is Harrison. Harrison has shown great determination and effort across all lessons this week. He has been answering questions, concentrating really hard and persevering when he has come across anything tricky. Well done Harrison!

**Nicky Nook** Amelia has been an incredible role model for learning. She works hard, asks and answers questions and always wants to improve. Well done Amelia!
