A small school with a big outlook...

A message from Mrs. Scholz

Nicky Nook Class took part in a Maya History Workshop with their friends from Calder Vale Primary School. We went to the Village Hall to find out more about the Maya Civilization. We looked at artefacts; learnt how they wrote and counted and found out what it would be like to have lived at this time using virtual reality headsets which were A-MA-ZING! We hope you are coming to support our Christmas Choir who will be singing at the Garstang Victorian Christmas Festival on Monday. We will be singing outside the Thai Courtyard at 6.30pm—please come and see us!

Lead Learners

Bowland Laith - for always doing his learning with a smile, growing in confidence and blowing us away with his improved handwriting. Well done Laith!

Grizedale This week Grizedale class lead learner is Harry H. Over the past couple of weeks, Harry H has really demonstrated a love for learning and has strived to be a pilot in every lesson. He particularly impressed us this week when discussing the prophets from the Old Testament, showing his impressive understanding of how and why God may have chosen them and explained it perfectly to us. Well done Harry!

Nicky Nook Fred has had an amazing week of learning especially when working as a historian.

News from our classes

Bowland This week Bowland Class have been amazing authors. EYFS have innovated their own Gingerbread Man stories and changed lots of characters. They learnt to use "perplexed" and "glum" in their story telling too and use super conjunctions/ full sentences. Reception are trying hard to improve their letter formation and have sent in lovely videos on Dojo of this and their counting. Year 1 and 2 innovated their own version of Nobot, changing the setting and characters and also adding amazing adjectives. In R.E this week the children have started to learn about the Nativity story, and especially how the shepherds felt. The songs for our nativity play are a big hit!

Grizedale This week, we have been writing our magazine article all about the Loch Ness monster. We are looking forward to publishing our writing and adding our pictures, captions and fun fact box! In History, we have been learning about the Egyptian hierarchy and the 'boy king' Tutankhamun. We took part in a research relay to read and learn about him using lots of secondary sources of information. Did you know that he became Pharaoh when he was only 9 years old?

Nicky Nook Nicky Nook have had an exciting week learning all about Mayan civilisations. On Wednesday we joined our friends from Willow Class to experience the number and writing systems they used, dress in the clothes they would wear and play games. The highlight was using VR headsets to explore the ruins in Tikal and Chichen Itza and the rainforest. We are working really hard in Big Maths to ensure we can recall number facts quickly as this helps us with the work we are doing on fractions.
