A small school with a big outlook...

A message from Mrs. Scholz

Thank you to everyone who came to our Cake and Craft Sale last Friday in support of Finn Webster's

Campaign to raise money for the Teenage Cancer Trust and his Cricket Club—we raised £275!

Our School Association Spooky Disco was also very successful. We made £527 which will help us cover the cost of the coach transport to the Pantomime at Lowther Gardens in December.

Your child should have brought home their Christmas Card design this week—please support us and place your orders before the 12th November!

Lead Learners

Bowland George is our lead learner for wonderful behaviour and learning all week. George has been a role model to others all week - well done George!

Grizedale Grizedale's lead learner this week is Hugo. Hugo has been trying so hard in all lessons; having his hand up lots and pushing himself to improve. He has also been a brilliant talk partner when working in pairs. Well done Hugo!

Nicky Nook Isla for producing an incredible biography about William Shakespeare that demonstrates all her learning from this half-term.

News from our classes

Bowland This week Bowland Class learnt all about maps. They found out about human and physical features ... EYFS made a fabulous theme park outside and KS1 created brilliant maps with a key and compass! We started to learn about times tables this week - Y1/2 were brilliant collaborative learners. EYFS impressed Miss Dawson with their counting, number recognition and number facts . EYFS worked together to make a giant gruffalo taller than Miss Jones! Awesome reciprocity rabbits!

Grizedale This week we wrote a formal letter to Miss Melson, our pen pal teacher, to warn her about an evil witch or wizard who might be about to head for London! We have also continued learning about rivers and have learnt the stages of a river. We created some brilliant actions to help the stages and vocabulary stick! We have LOVED learning recorder this half term and completed a performance of 'Ghostbusters' to Bowland Class.

Nicky Nook This week we have been revisiting our work on electricity in science. We used Google Classroom to create a presentation of our learning. We have written our biographies on William Shakespeare using cohesive devices to link the paragraphs. We are really proud of our writing. In maths we have been interpreting line graphs. We completed our computing topic and began discussing our online safety when gaming.
