*A small school with a big outlook...*

## A message from Mrs. Scholz

We are SO proud of our Year 6 children who faced their SATS with such determination and resilience this week. They supported and encouraged each other and didn't give up when faced with some very challenging questions, particularly in the maths papers. We took them for a well deserved ice-cream at the Barn as you'll see over the page.

The school office is full of bottles, cakes and tombola prizes ready for the festival this weekend. You have all been so generous—thank you! Our Rose Queen and retinue have tried on their outfits and are very excited about walking in their first festival tomorrow. We hope you are coming to join in the fun!

## News from our classes

### Bowland

In Bowland this week, we have looked at different maps; followed maps around school and created our own, using symbols and putting them into a key. We have been busy in the police station ensuring The Big Bad wolf doesn't escape, making reports and investigating using our questioning skills. In English this week Year 1 and 2 have been using their imaginative writing to create their own news paper about The Big Bad wolf. Once again, we have beaten our scores in Big Maths and moved up.

### Grizedale

This week in History, we spent more time as Victorian school children. We took part in some Victorian-style lessons including converting money in maths and learning to use correct Victorian handwriting. At playtime - where the boys and girls were separated - we played hopscotch and pass the slipper. In English this week we have been writing a newspaper article about some very mysterious, criminal cats who have been seen fleeing the scene of multiple crimes. We each created our own cat based on Macavity and then reported to local residents about another crime it had committed! For RE, we have enjoyed visiting both the Catholic Church and the Methodist Chapel this week. We have deepened our knowledge of the church including similarities and differences between different denominations of Christianity.

### Nicky Nook

This week we have been using our measuring skills to cut wood and create stable frames which we strengthened with triangles. We used watercolours to create landscapes in art. We have practised our 'learn its' and are trying to recall them as quickly as we can say our name!

## Lead Learners

### Bowland

Our LL this week is Sophia for putting maximum effort into all of her work and never giving up.

### Grizedale

Lily is our lead learner this week. She has been absolutely AMAZING in class! She has been such a role model to her peers with her energy, enthusiasm and determination in lessons. Keep it up Lily!

### Nicky Nook

This week our lead learners are all the pupils in year 6. We are so proud of the way you have approached the SATs this week. Everyone has demonstrated resilience and a truly positive approach to their learning. Well done year 6 you are amazing!

# Scorton Rose Queen Festival

SATURDAY, 17th May  
The parade leaves from the Methodist  
Chapel at 1pm
