A small school with a big outlook...

A message from Mrs. Scholz

Thank you to everyone who attended our School Association Easter Bingo last Friday—the evening was a great success thanks to the hard work of all our volunteers, especially Katie who organised it for us. £580 was raised thanks to everyone's generosity.

It was lovely to see so many of you at our Parents and Carers Evening this week. The staff were very grateful for all the very positive feedback they received.

Our new Nicky Nook classroom has shot up this week—we think it should be finished by the first week of May (fingers crossed!) There are quite a lot of children in school who have decided on a career in construction this week!

News from our classes

Bowland It has been a busy week in Bowland this week, we have continued to learn about the Easter story, we have made our own Easter gardens, baked easter cakes and created easter cards using different slider mechanisms, like bridges and slots. KS1 have tried really hard in their quizzes. We are progressing in our big maths, beating our targets and moving up.

Grizedale This week we have been revisiting our learning from the past half term. We have made 3D posters all about our learning of plants which included root absorption and the life cycle of a plant. We continued experimenting with line drawings to illustrate different objects and we also held our own special Shabbat ceremony, where we tried challah bread and grape juice.

Nicky Nook This week we have been practising our grammar skills for punctuating reported and direct speech. To show our learning we are going to write a speech between the characters in Macbeth. We looked at texts that use speech and description to give the reader an impression of a character. We created our impression from the opening sentence! We have completed our lunch bags from re-purposed jeans and our evaluations show how hard it is to produce neat stitching! In History we read witness statements to discover what life was like during the Industrial Revolution for children. It was very difficult!

Lead Learners

Bowland Our LL this week is Cooper for his progress in his reading and spelling and his resilience throughout his lessons

Grizedale Grizedale's lead learner this week is Sennen. Sennen has really stood out in class this week. Her enthusiasm for learning is infectious! She is always a superb active learner; suggesting answers, contributing in paired and group work and also understands that you don't always have to be right - all answers are good answers. Keep it up Sennen!

Nicky Nook Our lead learner this week is Eilidh. We have been really impressed by her positive attitude to all her work. Eilidh has also demonstrated kind and considerate behaviour to other members of the class. Well done Eilidh!
