A small school with a big outlook...

A message from Mrs. Scholz

We are SO excited about our new modular building—the work has moved forward so quickly and the children have really enjoyed watching the digger and concrete mixer. We are hoping it will be finished in the first two weeks after Easter. We will be holding a competition to name our new classroom so please watch this space!

We can't believe Easter is almost here already! After School Club are having a special Easter Themed afternoon on Monday with crafts, an egg hunt and special snacks—please book via ParentPay.

Please don't forget that we break up at 1.30pm next Friday.

We hope to see you at the the Easter Bingo this evening!

Lead Learners

Bowland Our Lead Learner this week is Sidney for his hard work in phonics and writing and being a good role model to his classmates by making good choices.

Grizedale Grizedale's lead learner this week is Arya. Arya has had a brilliant week. She has shown an excellent attitude to learning as well as displaying great concentration, perseverance and determination during all of her assessments. Well done Arya!

Nicky Nook

Betsy-Blue is our lead learner this week. She has produced an amazing piece of writing in role as Lady Macbeth. Betsy is a fabulous talk partner and she is working so hard. Well done!

News from our classes

Bowland

In Bowland this week we have been learning about Palm Sunday and the Last Supper, we worked together to make our own palm leaves and acted out the story of Jesus' triumphal entry into Jerusalem. We shared bread and 'wine' to remember Jesus. We have been progressing in our big maths, smashing our scores and moving up. In English we have been creating our own story maps of The Hungry Caterpillar.

Grizedale

This week we have really impressed the teachers with our sticky learning in our assessments. We have shown SO much resilience, perseverance and determination and have really made us proud. In Science this week, we have been learning about the life cycle of a flowering plant and went outside to learn some superb actions to help us remember. We have also continued our Schools 2041 project and have learnt about the animals that live there, how big the continent is in comparison to the UK and some of the human and physical features it contains. Did you know there is a church there?

Nicky Nook

It has been assessment week this week and we have talked about lots of strategies to help us with these. Our re-purposed lunch bags are now nearly complete and ready to use. My happy mind encouraged us to think about our top three character strengths and how we use them. We are enjoying our class novel 'Tyger' ad cannot wait to hear what happens next. It has been very exciting to see our new classroom taking shape every day.
