

# Scorton News

*A small school with a big outlook...*

## A message from Mrs. Scholz

Thank you for all the hard work that went into the children's costumes for World Book Day yesterday—everyone looked fantastic! The children had a fabulous day sharing books with their friends and enjoying reading—please see the photos over the page and on Facebook.

We have also had an amazing response to Benj and Ayla's Perseverance Crowns Competition. Amongst other things, they feature inspirational people from history, motivational quotes and the names of friends in school who give us the confidence to keep trying. Benj and Ayla will be presenting the prizes to a winner from each class this afternoon and every entry will receive a little something too!

## News from our classes

**Bowland** This week in Bowland, we have looked into who Amelia Earhart was. We have been reciprocity rabbits and created our own aeroplane using the junk modelling boxes. In our outdoor learning area, we have used the loose parts to create our own aeroplanes and rockets following on from our theme of space, we have been creative in our mud kitchen, making our own space snacks. It has been World Book Day this week, we have enjoyed sharing our favourite stories with each other, creating our own Gruffalo masks, Yr 1&2 have looked at Axel Sheffler illustrations and have created their own drawings using and exploring the art pencils. Y1&2 have also worked together to create their own story, using imaginative writing.

**Grizedale** This week in class we have been learning how to calculate fractions of amounts and singing our new fraction song. In geography, we have been learning about our county of Lancashire - did you know it has a population of over 1 million people? On World Book Day, we dressed up as our favourite characters from books or in what we normally wear to read. Our favourite costumes from our class were Mary Poppins and the Mad Hatter. - Sophia and Lily

**Nicky Nook** We have had another exciting week of learning in Nicky Nook. We have started to study 'Macbeth' and had an amazing time acting out the initial battle scene in the nature area! Multiplication and long division have required us to be very resilient but we are really proud of our achievements. In History we have looked at the Industrial Revolution and will be identifying the effect this had on children. To end the week we celebrated World Book Day. We created mood comics using the skills we developed last week. Our favourite time was 'Drop Everything and Read' we loved joining children from other classes and sharing books!

## Lead Learners

**Bowland** Our Lead Learner this week is Cora, for using fantastic expression whilst reading.

**Grizedale** Grizedale's Lead Learner this week is Oliver. Oliver has shown brilliant active learning all week, leading his learning and supporting others to be their best. He has really pushed himself, particularly in spellings, which has really paid off. Well done Oliver!

**Nicky Nook** Maia is the lead learner for Nicky Nook this week. It has been amazing to see Maia persevere to master long division with a smile. We are really proud of you, well done!
