A small school with a big outlook...

A message from Mrs. Scholz

We hope you have had an opportunity to read our OFSTED inspection report. Thank you to everyone who responded to the questionnaire—the inspectors said they hardly ever get such overwhelmingly positive feedback from parents and carers. Thank you also to everyone who has sent us a congratulations message—it's very kind of you! We are very proud of the outcome—we hope you are too!

Please don't forget to send your child to school with some money next week so they can have a go at our Teddy Tombola and support 'Thumbs Up for Charlie' - thank you for all your donations—please keep them coming in if you haven't had time to spring clean the toy cupboard!

Lead Learners

Bowland Our Lead Learner this week is Alice for her super reading and story writing, and being focussed throughout all of her lessons.

Grizedale Lead learner this week is Marisa. Marisa has really shone this week. She is working so hard in all subjects and has particularly impressed us in English and History for her beautiful presentation, ambitious work and amazing effort. Well done Marisa!

Nicky Nook Piers is our Lead Learner in Nicky Nook this week. Piers has been a fantastic talk partner this week and has demonstrated collaborative skills in all subjects. We have been really impressed with his mature ways of thinking and working. Well done Piers!

News from our classes

Bowland Bowland class have read a new story this week, "Superworm", Reception have been telling stories about Superworm using synonyms for the words "good" and "bad". We have been telling our own stories about the dreams we have had and drawing pictures of them following the story 'Maisy's Rainbow Dream'. We have finished writing our own version of 'Supertato', using our imagination to think of new characters. We have used words such as 'vile', 'wicked' and 'extraordinary'. We have been using our fine motor-skills to sew. In maths this week we have been looking at money and amounts. Adding up how much money we have and what change we might have left.

Grizedale We have finished our History unit this week and have produced some AMAZING showcases of learning including posters, newspaper articles and reports all about Boudicca and her rebellion against the Roman army. In English, we have been planning a diary entry as the Fly to retell the poem of the Spider and the Fly and include how we felt when the Spider was trying to persuade us to enter his dismal den.

Nicky Nook We have had a really exciting week in Nicky Nook! We have been programming crumbles in computing. We created working carousels. To make sure everything worked we had to be resilient and solve lots of problems. We are writing a non-chronological report in English and have been ensuring the reader can find the information they require quickly and easily. We loved exploring forces in science and carried out lots of experiments to see how forces work.

thumbs up for

Charlie

Teddy Tombola

What are we doing and why?

We are doing a teddy tombola to raise money for a charity called 'Thumbs Up for Charlie'. Charlie was a little boy who had a brain tumour and we are raising money for little boys and girls just like him.

When are we doing it?

Monday 10th – Friday 14th February

What do I need to do?

Donate any nearly new teddies that you don't play with anymore to school (they don't have to be bears!)

Bring some money to school on Monday 10th – Friday

14th February to win a teddy and help

Us support Charlie's charity

£1 per go
