A small school with a big outlook...

A message from Mrs. Scholz

Happy New Year! We hope you had a lovely Christmas! Bowland Class have had the BEST start to the new term with their wet felting Workshop with Erika on Wednesday. They were able to use everything they had learnt about animals and their habitats as well as developing their felting skills to create to most amazing wall hanging. Please see our Facebook page for lots of photos. Erika commented on how lovely our children are and their wonderful enthusiasm for their learning. Erika will be delivering the finished product to us in a few weeks—we will let you know when it arrives so you can come and see it! We have lots of exciting things planned for this term so please do keep on eye on the 'Dates for your Diary'

News from our classes

Bowland Class Our first week back has been filled with lots of fun, we had Erika teach Bowland how to make animals using wet felting, explored shading using art pencils. In PE this week we have been practicing our catching and throwing using the bean bags.

Grizedale What a fantastic first week back! This week we have started our new English unit of the spider and the fly. We have made some great predictions about what might happen and are so excited to read more. In Art, we have been looking at the work of Quentin Blake and have started to sketch some ideas for our recreation of James and the Giant Peach. Next week, we will be creating characters out of clay so needed to make sure our sketches included lots of transferrable details.

Nicky Nook Nicky Nook have had a fabulous start to the new term. We have been revisiting our history topic to look at leadership in Ancient Athens and Ancient Sparta. We have read 'Jabberwocky' and studied versions of the poem to help us create success criteria for performing poetry. In maths we have practised identifying regular and irregular shapes according to their properties. We used a protractor to measure angles.

Lead Learners

Bowland Class: Our lead learner this week is Ella for her growing independence and resilience and trying super hard in PE throwing and catching the beanbags .

Grizedale Class: Our stars of the week this week this week are Arya and Sennen for their impressive active learning. Arya had an amazing start to the week and worked very hard in all lessons. She particularly impressed me in English with her creative predictions for the Spider and the Fly. Sennen is always following our classroom rules, trying her hardest and being ambitious and resilient in all lessons. Well done girls!

Nicky Nook Class: Tilly always contributes to every lesson by asking and answering questions. She has been amazing in our whole class reading this week. Well done!
