A small school with a big outlook...

A message from Mrs. Scholz

Bowland Class had the best time at Crafty Diane's art studio on Monday. The children painted Christmas Tree tealight holders which are going to make beautiful Christmas presents. We have some really talented infant artists and it was a great opportunity to work in a real artists studio and see some of the work other local artists have done.

We will be starting rehearsals for our Christmas Performance next week— 'The Angel who nearly missed it all'. Despite her best efforts, one hapless angel is always late! She oversleeps, her maps blows away, she goes to the wrong hillside, she gets cramp in her wings, then she terrifies the donkeys when they think she said leopards instead of shepherds! Will this Late Angel eventually make it to meet Mary and Joseph, and help the rest of the Angel Chorus celebrate the most important event of all?

News from our classes

Bowland Class

This week Bowland have loved learning all about toys! They made their own toy museum and thought about how toys have changed over time. Everybody loved bringing in their toys from home on Wednesday! They are excited to explore old toys from the museum next week! Y1 and Y2 have worked so hard on their tricky spellings and made super progress. EYFS have LOVED building towers for Rapunzel out of big boxes- they loved working as a team to make it stronger! Reception have worked very hard on forming letters this week!

Grizedale

In history this week, we planned and performed a speech to persuade the class that either the Neolithic or Mesolithic period was better. We used some great rhetorical questions and emotive language to get our options across! We also have designed and written some thoughtful Christmas cards that are being sent to people who are spending Christmas alone. In Computing, we used our coding skills to make a musical instrument play a song!

Nicky Nook

This week we have completed our paintings of icons in RE. We have perfected our work over the last few lessons and the final results are fantastic! Our hockey skills continue to develop and we enjoyed our lesson despite the cold weather. Mrs Campbell is really impressed with our progress in our brass lessons.

Lead Learners

Bowland Class:

Grizedale Class: Grizedale's Lead Learner this week is Matilda. Matilda has had a brilliant week. She has written an amazing explanation text about hamsters, performed a great history speech as well as been noticed by other members of the class for her determination and effort in maths. Well done Matilda!

Nicky Nook Class: Our lead learner this week is Ava. Ava always works hard and has demonstrated resilience in her learning this week. We love her plans for a Christmas post box that she has created and look forward to using it in December. Well done Ava.
