## A message from Mrs. Scholz

I took two members of Nicky Nook to visit the Wyre Council Offices at the Civic Centre in Poulton today for a special local democracy event. We met the Mayor, the Assistant Director of Planning and Building, the Planning Policy and Economic Development Councillor and the Councillor who represents children and young people. We thought about how we would share out the council's money if we were in charge (the children chose to prioritise homelessness) and we held a vote to elect a new member of the council. Scooby Doo won by a large majority! We were also able to ask some questions. I was so proud of our children who held their councillors to account asking—why are you building new houses when there are so many empty ones? How are you going to make the A6 safer? When will Forton get the Spar it was promised? I am sure we have some future politicians in Y6!

**Bowland Class** Bowland has been transformed into a filming studio this week. We have recorded the stories of The Enormous Turnip and Rapunzel using lots of expression and fluency. There were lots of certificates in Big Maths this week - well done to all the children who have practised at home. In art we have made our own unique prints using different tools in the style of an artist.

**Grizedale** In Maths this week we have been mastering subtraction using the formal method. We had to be very resilient and worked really hard to improve throughout the week! In History, we imagined we were in a Mesolithic family and thought about what we could see, think and wonder during our daily duties. The girls were much happier than the boys as the boys found out that they would be trudging through the dark woods to hunt for deer whilst the girls could gather berries and nuts! In English, we have learnt more about explanation texts and have been working in teams to select and use the best vocabulary for some writing about rats and hamsters. We are very excited for our trip to Crafty Diane's studio next week!

**Nicky Nook** This week we have been practising 'mindful moments' and used flower breathing to help us be ready to learn. We are really enjoying 'The Nowhere Emporium' and have been discussing and writing about our first impressions of the characters. We have sent our bunting to our friends on the linking project and are eagerly awaiting what they have sent us. We are loving having our own hockey kit and our hockey lessons! Every day we are practising our learning

## Lead Learners

**Bowland Class:** Lead Learner this week is Cooper because he has shown excellent behaviour for learning and has been working super hard on his reading fluency.

### **Grizedale Class:**

Elodie is our lead learner this week. Elodie has been brilliant since joining Grizedale class in year 3. She is so dedicated to trying her best - she is a great role model to the other pupils in class, showing what an active learner should be. She is always volunteering her thoughts and ideas in lessons and also demonstrating her sticky learning. Well done Elodie!

### **Nicky Nook Class:**

Amelia is the Nicky Nook lead learner this week. She has written a fantastic diary in the role of Daniel from our class novel. She has demonstrated how to be resilient and work as part as a team. Amelia is always eager to ask and answer questions. Well done!
