# Scorton News

*A small school with a big outlook...*

## A message from Mrs. Scholz

Mrs. Pollitt, who is our Maths Leader, and I had the opportunity to spend time in Grizedale and Nicky Nook class on Wednesday morning to see what everyone was getting up to in their Maths lessons. We finished the morning feeling so proud of our children and our teachers. It's clear that we love maths at Scorton school! The children's behaviour for learning was fantastic. Everyone was so focussed on their work and eager to share their ideas and work collaboratively. Test results are not the focus of what we do in our school, we are more concerned with making sure our children are happy, confident, independent learners, but we are very proud to say that our Y6 SATs results this year put us in the top 1% of schools nationally!

## News from our classes

### Bowland Class

In Bowland the Year 2 children have been learning to add two digit numbers like  $12 + 25 = 37$ . Hugo

This week we have been learning about the Earth. Most of the planet is water. The Earth has seven continents and five oceans. Alice

Reception have been reading the story Goldilocks and the Three Bears, we have been learning a rap! Eve

### Grizedale

It has been a busy week for Grizedale Class this week! In English, we interviewed Mrs Richmond and found out all about her life so that we can write a biography about her next week. Did you know that Mrs Richmond's name before she was married was Miss Fortune? We have also been thinking and drafting and redrafting our work this week and in Art created some outstanding charcoal drawings of trees whilst thinking about critique, accuracy and creativity!

### Nicky Nook

This week we have mastered multiplication! We have started to plan our Legends and wrote setting descriptions of a castle that make the reader build a picture in their mind. Our biomes are now complete and we presented all the facts we now know to the rest of the class.

## Lead Learners

### Bowland Class:

Lead Learner this week is Cora, being a kind friend has really challenged herself with her learning.

### Grizedale Class:

Our lead learner this week is Evie. Evie has been so active in lessons this week and her confidence to showcase her learning has been fantastic. Alongside her brilliant learning behaviour, Evie's presentation is also beautiful across all subjects and it is always a joy to see how she showcases her learning.

### Nicky Nook Class:

Benjamin has written an incredible setting description this week. He is always reading and is using vocabulary and sentence structures that he is seeing to inspire his writing. It is also fantastic to see his love for writing developing! Well done Benjamin.

Scorton School Association
