## A message from Mrs. Scholz

## News from our classes

We can't believe we are already at the end of January! Where has this month gone? Hopefully February will bring us some more cheerful weather!

Our School Association have set a date for their AGM in February. We would be very grateful if you could attend. The money you support them in raising makes such a difference to our children and I'm sure many of the memories they take away from school will be as a result of the activities the School Association enabled to happen. We are already talking about preparations for the Rose Queen Festival and it would be great to see some new faces getting involved!

### Bowland

This week EYFS have been very busy going on a Bear Hunt whilst KS1 read about Katie Morag. We have been getting better at reading with intonation in KS1! In Maths the children have used their addition and subtraction skills with money. In Art the children have explored the work of Vincent Van Gogh, practising drawing, watercolours and learning about the "impasto" technique using textured acrylics. We are excited to create beautiful works of art for our exhibition. We also remembered our Geography learning when reading about the Isle of Struary!

### Grizedale

Grizedale Class have had a brilliant week and have really impressed the teachers! In English, we have written a setting description of a storm that disrupts a calm river and have used figurative language to show the reader our ideas! In Science, we have created fact files all about invertebrates and used and created classification keys to group different vertebrates and invertebrates. In PE, we have been working in our leadership, listening and team working skills to guide or partner around an obstacle course with their eyes shut!

### Nicky Nook

In Nicky Nook we have had another varied week of learning. In DT, we have been making shelters to fit 4 model people using wood. We have had to be very careful using saws but have got better at it. In English we have been writing setting descriptions linked to classic novels. In PE we have enjoyed working together to complete problem solving challenges.

## Lead Learners

**Bowland** Sidney—Sidney has shone in every way this week. He has been super focused, resilient and an absolute credit to Bowland Class. Well done Sidney!

**Grizedale** Grizedale's lead learner this week is Matthew. Matthew has given outstanding effort in everything he has done this week - whether working independently, collaborating in pairs or working as a group. He has showed great active learning and has been a brilliant role model for others. Good job Matthew!

**Nicky Nook** Rory has a super attitude to learning. We have noticed improved concentration and making notes on his whiteboard in Maths. In English he is working hard to use all the ideas given to improve his writing and he has also been willing to help others with their writing. Well done Rory.
