A small school with a big outlook...

A message from Mrs. Scholz

A huge thankyou to everyone who came to support Sports Day this week, including our School Association who worked together with Calder Vale parents to provide our Refreshments and Jonty from the Spar who gave everyone an ice cream. It was great to see so many of you there, cheering our children on. We have received lots of kind messages thanking the staff for their hard work and commenting on what a lovely event it was. It means a lot to our school team when families get in touch to praise our work—thank you—we couldn't do it without your help and support!

News from our classes

Bowland This week Bowland Class have loved creating two dances for our summer performance. They now know so many words for our songs and are all singing beautifully. All of the children amazed us with their sporting skills- awesome running, throwing, skipping and jumping! Everybody cheered their friends on - it was lovely to hear everyone so excited and loving **every** minute of Sports Day. The children's behaviour was superb and we are very proud of them. Pre-school have enjoyed practising getting ready for Reception this week- super listening, looking after our classroom toys, tidying up and helping each other with Reciprocity Rabbit. Well done Bowland!

Grizedale This week has been another busy week in Grizedale class. We have had our final swimming lesson, where we practised our water safety skills and what we should do if we get into trouble in the water, we had our annual sports day and we have also been playing rounders ready for our class competition next week. In addition to this, in RE we have been learning all about Mother Teresa, her life, her achievements and what impact Jesus and religion had on her.

Nicky Nook It has been a very busy week in Nicky Nook. We loved creating graffiti art work and produced some fantastic work. In Big Maths we are continuing to develop both our arithmetic and wider maths skills. Our targets are working really well and there were lots of promotions this week. Year 4 came to visit Nicky Nook and year 6 went to visit their secondary schools ready for September. Our end of year production is sounding amazing!

Lead Learners

Bowland- Archie for super speedy number bonds to five and AWESOME dance moves on stage

Grizedale—Lead learner this week is Bobby. Bobby has been so resilient when practising telling and drawing the time this week. He has worked really hard to remember all the steps and been upbeat even when he has found it difficult. Well done Bobby!

Nicky Nook— Adriana has had an incredible week of learning. Every week she tries for promotion in Big Maths and her work has become more accurate. In our production she is incredible.
