*A small school with a big outlook...*

## A message from Mrs. Scholz

Our Autumn Term calendar is beginning to fill up already with Grizedale and Nicky Nook Classes taking part in a Divali Dance Workshop and Mrs. Pollitt and Mrs. Nickson planning a very special Christmassy trip for Bowland. We have also set dates for our Nativity Performances so please save the date for us—Father Christmas will be here before we know it!

There will be a non-uniform day on Friday, in aid of the School Association, who need donations of sweets to make sweetie cones for the Spooky Disco on Friday 16th. We would be very grateful if you could please bring sweets rather than chocolates in unopened bags—thank you!

## News from our classes

**Bowland**

"Run, run, as fast as you can, you can't catch me I'm the Gingerbread Man!" We've been having a blast with the Gingerbread Man this week, and our KS1 superstars have created their own amazing versions of "Wanted! The Perfect Pet." Our spelling work has been sticky and fun as we've revisited all those patterns we've learned so far. In maths, we've been exploring fractions and discovering what it means to have equal parts. We've also started a fascinating journey into toys from the past, comparing them with the toys we love today.

**Grizedale**

Our classroom has had a mini-makeover! We have changed our room around to make it easier for us to access challenge provision and have put it to the test this week by taking part in open-learning style challenges including a charcoal Spider and the Fly activity, a maths roll the dice and order the number game, play-dough punctuation challenges and a science investigation station! We have been SO busy this week revisiting our learning from the half term so far and work together to make our learning sticky. We have also been busy in our other lessons and have explored charcoal techniques, showcased our learning in Science and applied our learning of the A and B recorder notes to play Ghostbusters on the recorder!

**Nicky Nook**

This week in Nicky Nook we have been using 'ing' opening clauses with a main clause to create exciting sentences. In maths we have used bar models to solve problems which helped us to visualise the process. Over the last five weeks we have dramatically improved our hockey skills and we can now dribble, pass and shoot with accuracy!

## Lead Learners

**Bowland-** Lead Learner is Esmai! She's been showing us her absolute best listening skills and working so hard on her behaviour for learning. Her story about the perfect pet was simply amazing — wonderful work!

**Grizedale—** Lead learner this week is Sophia. She has been an active learner all week; accessing our sticky learning provision with lots of ambition and independence and facing every challenge with an excellent can-do attitude! Keep it up Sophia!

**Nicky Nook—** Nikita has had a fabulous week of learning. His writing in role was incredible and he has contributed to class discussions with insightful ideas. Well done Nikita!
